What one fool can do, another can.
(*Ancient Simian Proverb.*)

PREFACE TO THE SECOND EDITION.

THE surprising success of this work has led the author to add a considerable number of worked examples and exercises. Advantage has also been taken to enlarge certain parts where experience showed that further explanations would be useful.

The author acknowledges with gratitude many valuable suggestions and letters received from teachers, students, and-critics.

October, 1914.

CONTENTS

CHAPTER	PAGE
PROLOGUE	<u>viii</u>
I. TO DELIVER YOU FROM THE PRELIMINARY TERRORS	<u>1</u>
